Reports of Secretaries

REPORT OF THE GENERAL SECRETARY

W. G. CRAM

WE ARE met today at perhaps the most crucial period in the history of Methodist Missions. An anomalous situation confronts us. It calls for our most serious consideration and presents problems which will tax to the utmost our ability to carefully plan and deliberate in order that no disastrous retreat may undo the work of eighty-seven years of notable achievement. A careful survey reveals, on the one hand, that the work for which we are responsible both in the United States and distant parts is perhaps more promising and hopeful and has within its grasp more real opportunities for bringing in the Kingdom of God than we ever enjoyed. Time would fail me should I undertake to enumerate these lines of services or attempt to voice the insistent Macedonian calls which pierce the ears and demand every consecrated effort of our missionaries and national constituency in every field. On the other hand, we are perplexed and straightened beyond measure at the falling income for missions and the consequent financial involvements which are forced upon us. The picture must not be overdrawn, nor must we enter upon our tasks with any of the fears engendered by panic, nor must we show any lack of confidence or faith in the great enterprise our fathers projected and which by inheritance has become our solemn obligation. Despite these precautions, we must, however, rightly assess our difficulties and attempt to ascertain the limitations which have been forced upon us by unprecedented economic conditions. We recognize that these conditions are not limited to the missionary work of our Church, but are world-wide, affecting every phase of church activities as well as national and international relationships. It would serve no particular purpose for me to make further reference to this condition with which you are quite familiar.

Knowing your temper and the sacrifices you have made for the Kingdom, I proceed with confidence as your General Secretary in making report for the year 1932-33 to the membership of this Board.

From time to time, through the Church press and private communications and by the minutes of the Executive Committee, you have been kept informed regarding the general features and progress of the work of your Board. Your Secretaries—men and women—have been diligent and painstaking. They have striven to conserve the work committed to their hands. The lack of income has occasioned widespread retrenchment. Despite this fact your Secretaries, through the proper committees, are presenting a program of expenditures involving further and larger reductions, but which, we trust, will hold secure the necessary operations in all lines of our work until we come on better times.

Esther Case

At the last meeting of the Board I handed you the resignation of Miss Esther Case as Foreign Secretary because of a fatal illness which had seized upon her. Just three days after you had reluctantly and with deep sorrow accepted her resignation, the shadows of the lengthened days led her out into the home of the Father. Her remains were laid to rest in her native town, Batesville, Ark. Her earthly career ended where it began. Her record of service and deeds of love, with her constant faith, formed a golden stairway o'er which she ascended into the eternal presence. I respectfully refer her name to the Committee on Memoirs for suitable action.

In this report it is desired to present to you, first, the missionary enterprise in general and the condition of your Board and its work in particular. And, second, to present plans for financing the year 1934, and, finally, some recommendations.

I. Foreign missions, commonly so called, especially in the Oriental fields, has come under a rather searching survey, which has resulted in sharp and frank criticism. This spirit of criticism and investigation culminated in the publication of a book entitled *Re-Thinking Missions*. This book, the

result of the "Laymen's Inquiry," was preceded by pre-views in Associated Press dispatches containing caustic and severely critical references to missions. These criticisms were not fully sustained when the book was finally published. Two generalizations can be made of this not altogether thankless task on the part of the laymen. First, they attempted to settle the theological basis upon which missions should be promoted. In this they were not successful. They prepared a joint statement of this theological basis, which turned out to be a compromise agreed upon to prevent a minority report from being presented. The result was the creation of a theological chameleon which changed color from sentence to sentence as it journeyed through the thought processes of the reader's mind. The second comment is that they brought forward many criticisms and suggestions for improvement in the missionary business which have been the major concern of missionaries and missionary administrators for the past twenty years. For this we should be thankful. It may hasten us in the making of certain necessary readjustments which the times and the natural processes of national development demand.

Foreign Fields

The condition of the work under the hands of your foreign missionaries and under the supervision of our bishops in charge of Mexico, Brazil, Europe, Cuba, Africa, and the Orient continues to evidence striking advances in spite of the strain of retrenchments which have been serious and drastic.

In China the advance in ministerial training, the far-reaching plans for self-support, the signal success of the religious educational program under Rev. H. K. King give us hope and cheer regarding our Church in China. The strengthening of the Church and its agencies is gratifying because heretofore the Church in China has been far below the standards of church development and progress to be seen in other mission fields. It is quite evident that the Church has not had its share of emphasis in the matter of laying out mission policies. This is not true of our mission alone, but is known to be the one need of the mission work for the whole of China. Bishop Kern has

given diligent attention to this condition, which has resulted in a new day for our Conference in China.

In Japan there are many encouragements. The Japanese Christians are maintaining the poise and dignity of their faith in the midst of the severest tests. In the further development of our co-operation in Japan, we must plan for a closer integration of our work with the Japan Methodist Church. The Japan Church must be given larger responsibilities in ministerial training. It hardly seems wise to continue two Methodist theological schools under mission direction with the Japan Methodist Church on the side lines. Furthermore, the whole question of the work and place of the Bible women, which is practically outside of the Japan Church, calls for speedy readjustments and integration.

In Korea the autonomous Church is well established and is out of the formative period. The opportunities for a forward advance in evangelism are always evident in Korea.

In Mexico the autonomous Church is in the process of finding itself. We have many things to encourage us in the co-operation we are giving. However, our further usefulness in Mexico will depend on a reorganized mission policy. The two Methodisms which united in creating the Methodist Church in Mexico must study the whole educational work of our missions. The study will undoubtedly result in a revised plan more definitely in accord with present needs and conditions.

In Brazil there is every indication that the autonomous Church is taking the clear path of constructive leadership. Undoubtedly our greatest present opportunity to share in the building of a great Christian Church lies in Brazil. We must encourage and stabilize the movements and plans of the Methodist Church in Brazil by sending our strongest men and women as missionaries and advisers and our generous offerings where needed.

Our work in Africa gives us a fine opportunity to share our faith with a primitive and superstitious people. Our missionaries there are heroic.

But we have been too long in Africa without a definite mission plan or policy. We must in the early future bring

to the aid of our force in Africa our wisest counsels and develop a real program of advance and supervision.

There are other serious questions regarding the tenure of our concessions and our relationships to the educational and medical policies of the Colonial Government, and our rights as Protestant missionaries to preach the gospel without interference from priests and representatives of the dominant Church of Belgium and the Congo, which call for our most careful and wisest consideration.

In Cuba our work continues to justify the self-sacrificing devotion of our missionaries. But without delay we must seriously undertake a definite policy of training Cuban ministers, or we will lose much of the ground we have gained in the past.

In Europe we have won our place, and we are making a decided impression with the evangelical message. In the Czechoslovakian Conference a larger membership has been gathered into our Church in the few years we have been in Europe than is found in some other groups which have been working there for fifty years. At a special called session of the Executive Committee of the Board of Missions which was held on November 28, 1932, some far-reaching plans for the readjustment and rearrangement of our work in Europe were recommended. Bishop Darlington took these suggestions, and fully commissioned by the Committee, consulted with our forces in Europe, and with skill and careful consideration of all the personalities involved worked out a most satisfactory plan.

Home Fields

In the United States we always have a mission field at our own doors. The opportunities we find on every hand never seem to diminish. You have undertaken in both sections of the Home Department certain work which is of outstanding contribution to the home mission policy of America. These lines of endeavor, however, have suffered much because of serious retrenchments and the actual abandonment of institutions and work.

In the "winning of the West" we have made investments in Arizona and New Mexico. This should be the last piece of territory from which we should retreat if retreat should

still be further forced upon us. Clearly a great work stands ready to be done in these promising conferences. The Board's policy at the beginning days of its organization was to help the struggling young Church of the West. There can be no valid reason for abandonment at this point. Without controversy, the states of Arizona and New Mexico are the particular responsibility of our Church. There is need for only one Methodism there. Do not the present times force upon us immediate consideration of the overlappings, especially in home mission projects of the two great Methodisms of this country? Or shall we wait for the slower, more costly, and more painful processes of the survival of the stronger and the absorption of the weaker?

The Paine College Jubilee program has attracted wide attention. The whole Church is showing an increased interest in the development of this unique adventure.

The Latin work in Florida is better in hand than ever in its history.

The Goodwill Industries during the year have given work to 12,000 people, who have earned \$100,000, thus warding off in a measure the unemployment specter.

In this department you have at work 184 deaconesses and 35 employed workers. It is sometimes difficult for us to fully visualize the vast extent of the operations directed by this trained force. To speak of Wesley Houses and Bethlehem Centers and schools for the underprivileged and delinquents, of social centers in the cities and rural and industrial work in the country and industrial centers, is to mention only a few of the mighty forces directed by deaconesses, who have consecrated themselves to the saving of the underprivileged in America.

Finances—Trust Funds

In the General Section of the Board there is an invested endowment fund, with securities held by the General Treasurer, which earned for the year 1932 an average of 5.1 per cent. In the Woman's Section there was also trust and endowment securities held by the Treasurer of the Woman's Section which during 1932 earned an average of 5½ per cent.

The annuities in the General Section, which have been

cultivated and secured by Mr. Rawls, the Treasurer, have greatly increased since 1926. In this fund there is a total of \$219,069 in invested securities, which during 1932 earned 5.3 per cent. These funds are carefully invested and stand as a valuable security against any indebtedness of the Board when any of these annuities lapse because of the death of the annuitant.

The Doctors' Building has made a net earning of \$68,-196.87 for 1932. On a million-dollar evaluation this is an earning of 6.8 per cent. This building has proven to be a valuable asset of the Board, not only in its earning capacity, but because it has been used in carrying a part of the old indebtedness of the Board, which at present amounts to \$430,000. This indebtedness has been periodically reduced according to the agreement with the Northwestern Life Insurance Company, and the interest has been paid to date out of the earnings.

However, when I come to report on the income from the Church at large, on which we depend to support the work which has been authorized and laid out by this Board from time to time, I am presenting our most serious and perplexing problem.

Since 1929 there has been a steady decline in missionary income from all sources to the Board. This is true of the income from the conferences and from the Woman's Missionary Societies.

The following table gives a clear exhibit of the decline in the General Work Section:

Year	Received	Increase	Decrease
1928	\$1,423,475		
1929	1,452,658	\$29,183	
1930	1,186,452		\$266,206
1931	960,631		225,700
1932	742,466*		218,165

It will be observed that the income fell with great rapidity in the General, and despite our best efforts to balance the budget we were unable to do so and consequently incurred an indebtedness in order to meet the obligations of missionary salaries and obligations of taxes and property

* This does not include income of \$126,543 received on bequests.

upkeep and institutional expenses which could not be abandoned.

A missionary budget cannot be balanced in the twinkling of an eye. Contracts are inviolate. While the Board is a benevolent organization, at the same time its contracts must be legally vacated and its work of whatever nature closed by due process. These facts prevented us from being able to present a balanced budget immediately our income showed a decline. Our work has suffered serious retrogression by the process involved in the effort to bring expenditures within our income.

In order to convey some idea of what the decline of income has forced your Secretaries and the Executive Committee to do in the way of curtailments your attention is called to the following exhibits. These items have been cut from the budget of expenditures in the Home Department, General Section, since 1930:

Arizona Conference	\$ 1,000 00
Army and Navy	1,000 00
California Oriental Mission	12,597 65
City Work	35,146 84
Contingent	34,225 75
Florida Conference	2,663 30
Illinois Conference	400 00
Indian Work	6,003 73
Italian Work	7,019 34
Louisiana Conference	2,533 41
Epworth League, Paine Col. Maintenance...	5,100 00
Evangelism	1,301 50
Home Missions Council	1,161 95
Insurance, Taxes, etc.	3,621 89
Sunday School Work, Mexican Border	565 50
Rural Pastors' Schools	17,000 00
New Mexico (Sustentation)	1,000 00
Northwest Conference	1,417 91
Northwest Texas Conference	650 00
Pacific Conference	1,383 49
Rural	4,031 57
Texas Mexican Conference	15,525 30
Western Mexican Conference	8,120 90
Western Virginia Conference	86 23

\$163,556 26

In the Foreign Department, General Work, in 1930, \$960,-312.79 was spent. In 1932 the total expenditures did not exceed \$644,887. The following list shows how we attempted to meet the decline of income with corresponding reductions in this department:

1. Closed orphanage in Brussels.
2. Closed Les Marrionniers School, Brussels.
3. Closed agricultural School in Montemorelos, Mexico.
4. Reduced appropriation to Songo Higher Common School, Songo, Korea.
5. Reduced appropriation to Kwansei-Gakuin in Kobe, Japan.
6. Closed two hospitals in Mexico.
7. Required the Publishing House in Chihuahua, Mexico, to carry support of its missionary manager.
8. Reduced missionaries' salaries.
9. Have taken advantage of gains in exchange in the Oriental fields where 35 per cent of the gold appropriations to missionaries' salaries have been withheld.
10. Reduced the salaries of employees and Secretaries.
11. Also in the field of Education and Promotion our budget has been so reduced that we have no adequate method of giving the Church information and proper education concerning the great business and definite projects of this Board.

These economies began to show their effectiveness in 1932; and, although we had a shortage of over \$218,165 in income from general church sources, we only increased our indebtedness in that year by \$37,644. We closed 1932 with a current net indebtedness of \$487,644.

It is our profound conviction that we have done the best we could and have prevented complete rout and panic from prevailing in the temper and spirit of our workers. We are now convinced that unless our income falls to new low levels, which we do not anticipate, we will hold the line and will carry on and will make substantial reductions in our indebtedness.

We cannot forget to mention the sound counsel and splendid co-operation which our missionaries and deaconesses have uniformly given in these distressing times. No mean

word nor unseemly temper has ever insinuated itself into the many contacts we have had with our consecrated leaders everywhere. Most sympathetic and painstaking have been our chief pastors, the bishops in charge of the fields.

Budget for 1934

We now come to the budget for 1934, which will be recommended to you through the Estimates Committee. We are asking you to consider approval of appropriations in the General Section totaling \$724,528.85. This, you will observe, is \$17,937.49 less than receipts for 1932. You will observe that provision has been made in the appropriations for \$80,000 for debt and interest. Other surpluses which may accrue are to be paid on the debt. Thus the actual amount requested for the maintenance of the whole scope of work, in the General Section, is \$644,528.85, the smallest in the recent history of the Board.

For the remainder of 1933, beginning with May 1, we are making further reductions in expenditures, so as to bring the budget within the expected income and at the same time give us a substantial margin for payment on bank indebtedness.

Finances—Woman's Work

The following table gives a record of the income from the Missionary Societies since the year 1928. These funds are administered by the Woman's Section of the Board. You should be acquainted with the general financial situation of this important section of our work:

Year	Received	Decrease
1928.....	\$1,272,643 00	
1929.....	1,265,685 48	\$ 6,957 52
1930.....	1,182,370 31	83,315 17
1931.....	1,118,437 34	63,932 97
1932.....	961,087 35	157,349 99

It will be noticed that there has been a steady decrease in the returns since 1928, culminating in the most serious falling off in the year 1932. Because of the fine surpluses in the hands of the Treasurer of the Woman's Section which had accumulated through the years, the falling income has been taken care of by the legitimate use of these surpluses.

But now these surpluses have all been used, and at the close of the fiscal year, because of the serious decrease of \$157,349 in income, there was a deficit of \$24,000 in the Home Department and \$2,000 in the Foreign Department. These deficits are being absorbed by the reduction of appropriation and curtailment of expenditures for the current year, 1933, and also by taking advantage of the gain on exchange in the Oriental fields by the Foreign Department.

For the first quarter of 1933 there is shown a decrease of \$51,000 from the Conference Societies under the amount for the same period last year. Further reductions are being undertaken in this section to prevent additional deficits.

Recommendations

Finally, I respectfully make the following recommendations:

1. It is recommended that the General Missionary Council, for purposes of economy, meet in Nashville two days before the designated date for the meeting of the Board of Missions in 1934. The recommendation in the Estimates Committee's report for the expenses of the Council and the Board meetings is made with the hope that this will be approved.

2. It is recommended that the MISSIONARY YEARBOOK be greatly reduced in number of pages and number of copies printed, so as to carry only the necessary records and reports which your Board should preserve permanently.

3. It is recommended that a General Conference legislative committee be appointed to consider any necessary or advisable legislation which should be recommended by this Board to the General Conference.

4. It is highly advisable that the Board, through its Education and Promotion Committee, propose some far-reaching plans for the cultivation of the Church as to objectives of missions as fostered and promoted by the Board. While it is true that the General Board of Christian Education is charged with the education of the local church in missionary education, and this is being well and sympathetically done through the Sunday school literature and in other ways, it is quite evident that there must be, in addition to

the excellent work which is being done by this Board, some methods of cultivation that are more direct and that have behind them quite distinctly the authority and impress of this Board. I am therefore recommending, without going into details, a most thorough study of the whole question of promotion by the Education and Promotion Committee.

5. On November 28, in the special called session of the Executive Committee, on the motion of Bishop Darlington, I was instructed as General Secretary to correspond with the officials of the Board of Home Missions and Church Extension of the Methodist Episcopal Church to secure a joint conference on the question of overlapping in mission projects and appropriations of the two Boards of Missions. The conference was arranged but was unavoidably canceled. I recommend that negotiations be continued and that the Executive Committee be instructed to appoint representatives to meet with representatives from the Board of Home Missions of the Methodist Episcopal Church for the purpose of conducting conversations looking to the development of future plans that will eliminate unnecessary duplications in the field of home missions in the United States.

Finally, brethren, we commend to your considerate judgment the work of the Board and urge that in your plans for its ongoing you issue an insistent call to the Church and to the Missionary Societies that this great work committed to your hands be placed upon their hearts as the primary work of our risen Lord and Master. We, the Secretaries of the Board, await your decisions with loyalty and sincere co-operation.

TREASURER'S REPORT, GENERAL WORK

J. F. RAWLS
BOARD OF MISSIONS
METHODIST EPISCOPAL CHURCH, SOUTH
Nashville, Tenn.

December 31, 1932.

Dr. W. G. Cram, General Secretary,
Members of the Board of Missions,
Methodist Episcopal Church, South,
Nashville, Tenn.

I am presenting for the consideration of the Board a summary of the financial statement of the Board of Missions, Methodist Episcopal Church, South, as of December 31, 1932, prepared and certified by Homer K. Jones and Company, Certified Public Accountants, Nashville, Tenn.

The statements are compiled according to departments—Missions, Annuity, Trust, Mission Building, and *World Outlook*. In addition to the above, there is a consolidated statement of the Missions, Annuity, Trust, and Mission Building Departments, showing total assets and liabilities.

You will also find a statement of the receipts from Annual Conferences—i.e., Assessments, Sunday Schools—regular and specials—Kingdom Extension Offering, Church and Individual Specials, also Miscellaneous sources. This table affords an interesting study.

Your attention is directed to the following:

Missions Departments.—On December 31, 1932, there was a cash balance to the credit of this Department of \$1,555.22. Also notes and accounts receivable of \$48,734.98, and a further item in the sum of \$13,912.30, representing advances against 1933 appropriations, making a total of liquid assets of \$64,202.50.

Under liabilities there is a bank indebtedness of \$450,000 and notes payable, miscellaneous, of \$26,312.75, making a total of notes payable \$476,312.75. The following items are shown under Miscellaneous indebtedness, accounts payable \$60,534.74, and due the Annuity and Trust Department and Doctors' Building the sum of \$15,000, making a total of Miscellaneous indebtedness \$75,534.74, or a total indebtedness of \$551,847.49.

Deducting from the total current indebtedness the sum of \$64,202.50 current assets, leaves a total net indebtedness of \$487,644.99.

The above does not include the sum of \$430,000 representing mortgage on the Doctors' Building due and payable by the Missions Department.

Below is a statement of the total income to the Mission Section, General Work, for the current year 1932, showing the percentage as it relates to each source of income:

ACCOUNTANTS AND AUDITORS

602-603 STAHLMAN BUILDING

NASHVILLE, TENNESSEE, February 28, 1933.

Board of Missions,
Methodist Episcopal Church, South,
Nashville, Tennessee.

Gentlemen: According to engagement, we have made an examination of the books of the account of the General Work of the Board of Missions of the Methodist Episcopal Church, South, Mr. J. F. Rawls, Treasurer, for the year ended December 31, 1932, and present in addition to this certificate, for incorporation in the Treasurer's annual report, our detailed Audit Report, reflecting the transactions for the year 1932 and the financial condition of the General Work at close of December 31, 1932, as shown by the books.

The cash in banks was verified by reconciling the amount as shown by the books with December 31, 1932, statements of the banks, after checking all checks paid and canceled by the banks against the respective entries for same in the Cash Disbursements Book, and tracing all deposits from the Cash Receipts Book to bank statements for the year under review.

Investments were verified by inspection and examination of all bonds, bond certificates of deposit, and receipts for bonds out of office, corporated stock certificates, notes receivable, and deeds to property carried as investments.

Accounts receivable, notes receivable, other than those shown as Investments, Advances against 1933 appropriations, and accounts and notes payable, and annuities, endowments and bequests as presented in the audit report including drafts outstanding as by the draft register record are as shown by the books. These accounts were investigated but not verified from sources outside except the notes payable to banks. In our opinion, the statements contained in the audit report reflect the activities of the General Work for the year, and its financial condition at close of December 31, 1932. All items were accounted for, the books efficiently kept and no discrepancies disclosed.

Respectfully submitted.

SUPERANNUATED AND DISABLED MISSIONARIES, GENERAL WORK

A retiring allowance will be provided equal to the basal salary, minus the amounts received from other superannuate funds of the Church. Missionaries who are retired by the Board of Missions because of age or physical disability before forty-four years of service have been rendered, shall receive a proportionate amount of the basal salary for life, minus the amounts received from the superannuate funds of the Church; the exact amount so received will bear the same relation to the basal salary as the number of years served bears to forty-four years, provided, however, that no missionary retired from age or physical disability shall receive less than \$300 per year. In every case the amount received shall be minus the amounts received from other superannuate funds of the Church.

SALARY PAYMENTS

Missionaries' salaries begin with the month in which they sail for the field. If they sail prior to the fifteenth of the month, a full month's salary will be paid. If they sail after the fifteenth, one-half of the month's salary will be paid. The first month's salary will be paid in the United States before sailing. All salaries are paid on the twenty-fifth of the current month.

Child allowance and increase for service are figured on the above basis.

CLERGY PERMITS

Clergy application blanks are sent to each treasurer on the field, and missionaries who expect to return to the United States should secure from the treasurer the blanks, fill them out, and mail to the Treasurer

of the General Section a sufficient time in advance to permit securing clergy books. The post-office address should be given in the United States where the books are to be mailed.

TRAVEL MONEY

Missionaries on the field, whose furloughs have been approved, should notify the treasurer of the Mission sufficient time in advance for him to notify the General Treasurer, in order that the amount appropriated for travel can be sent to the field in time to reach the missionaries before sailing.

In all cases the basal salary for married missionaries on furlough is \$1,900.00 and for single missionaries, \$1,000.00.

ADMINISTRATIVE ADJUSTMENTS

Whereas, the distressing economic condition has made necessary drastic reductions in the missionary appropriations, resulting in the recall of several missionaries in the various mission fields under the jurisdiction of the Board of Missions; and

Whereas, the Executive Committee have already made effective many economies, resulting in a reduction of the overhead expenses of conducting our missionary program; now, therefore,

Be it resolved that a committee of five be appointed by the President of the Board to consider the question of the possibility of initiating secretarial or administrative adjustments, if deemed advisable, that might be made as an emergency measure, that would further reduce the expense of administration without impairing the efficiency of management.

Be it further resolved that this Committee report its conclusions before adjournment of the Board at this session.

NATHAN NEWBY,
W. ERSKINE WILLIAMS,
U. V. W. DARLINGTON,
MRS. E. A. KITCHELL.

2. All moneys paid out of funds raised in the Conference and applied on debts of the Academy incurred prior to November 3, 1932, shall be repaid to the Conference by the Board; provided likewise (a) that such moneys shall not exceed \$—; and (b) that such items only as shall be approved by the Board shall be so assumed and by it paid.

3. The Conference shall take all responsibility for the operation of the School on and after November 3, 1932.

4. The Conference shall keep the Academy properties in good repair and insured in the name of the Board against loss by fire or storm in the amount of not less than \$—.

BEER SOLD IN DOCTORS' BUILDING

Judge Newby rose to a question of high privilege and presented the following resolution, which was adopted:

Whereas, it has been brought to the attention of the Board of Missions of the Methodist Episcopal Church, South, hereinafter termed the Board, that one of the tenants of what is known as the Doctors' Building, the property of the Board, at Nashville, Tenn., has engaged in selling and dispensing beer of 3.2 per cent alcoholic content; and

Whereas, in the opinion of the Board, such action is in violation

of the terms of the lease under which the tenant is holding, and is objectionable to the Board; now, therefore

Be it resolved that this whole matter be and it hereby is referred to the Executive Committee of the Board with full power to act.

REPORT OF SCARRITT COLLEGE

Bishop Mouzon asked the Secretary to read the report of the Board of Trustees of Scarritt College.

The report was received and the nominations confirmed.

REPORT OF SCARRITT COLLEGE FOR CHRISTIAN WORKERS TO THE BOARD OF MISSIONS

The financial depression through which we have been passing and which has so seriously affected other institutions has, of course, been keenly felt by Scarritt College.

The income from appropriations and investments has been materially reduced. Because of financial conditions the Board of Missions is unable to continue for the present the support of the Lambuth Chair of Missions. The income for the Chair of Music, which was provided by the Epworth League Board, is not now available because of the merger of the several Boards and the straitened financial condition of the Board of Christian Education. Some twenty-five thousand dollars of our investments are not just now paying interest. Even the Council itself has found it necessary to make a reduction in its appropriation for the running expenses of the school. Thus all together the income, apart from the revenue-producing departments, such as the dining hall and dormitories, has been reduced since 1930 by approximately \$14,000.

In addition to the reduction in income, and intimately connected with it, is the decrease in the number of missionary and deaconess candidates being sent to Scarritt for training. Because only a few missionaries and deaconesses can be employed, of course, only a few candidates are accepted and granted scholarships for training. In 1930 the number of students at Scarritt on Conference scholarships was 59, this year the number is 33, and next year the probabilities are there will be only about 20. This reduction in the number of candidates affects the College not only in its financial income, but in every phase of its life.

Scarritt has felt the pressure of the times also in its inability to carry forward its development of a general supporting constituency. Before the financial depression came on, two friends had agreed to endow a chair each, and other friends were considering such a propo-

sition. Others still were making smaller contributions and annuities to the College. But as was to be expected, the unprecedented conditions brought all this to an end for the time being.

There is another factor that constitutes an important part of the situation in which Scarritt at present finds itself. I refer to the conflicting and controversial thinking regarding missions. At no time has there been such a ferment in missionary thinking regarding missions. At no time, perhaps, has there been more divergence of opinion touching the various phases of the missionary program. Therefore, the effective training of the missionary personnel, which at any time is a difficult task, is now more difficult than ever. Thus even though the number of missionaries needed has steadily decreased, and the funds for training them have been seriously reduced, the task that Scarritt now confronts is more important and more difficult than at any time in its history.

One can easily realize that these several facts taken together constitute a serious situation for Scarritt College. But serious as it is, so far from producing a pessimistic mood or defeatist policy, it is accepted as a challenge to greater things. At no time has there been a finer spirit of faith and more confidence in the things for which the institution stands than at the present time. Just now our effort is being directed to three main objectives: the revision and strengthening of our courses of study, the development of the student body, and the building up of a larger supporting constituency by increasing the number of Scarritt Associates.

At the last meeting of the Board of Trustees the following were elected, subject to the approval of the Board of Missions: Miss Sallie Lou MacKinnon to fill the term of Miss Esther Case, Dr. Forney Hutchinson to fill the term of Bishop W. B. Beauchamp, and Mrs. R. E. Rankin to fill the term of Miss Virginia Southgate. The following members of the Board were re-elected for a term of six years: Mrs. H. P. Murrey, Mrs. Nat G. Rollins, Rev. Charles W. Scarritt, Mr. C. A. Craig, Mr. E. E. Murrey, and Mr. Francis Harmon. We recommend their approval.

Respectfully submitted.

EDWIN D. MOUZON,

President of the Board of Trustees, Scarritt College for Christian Workers.

Dr. Frank S. Onderdonk was asked to give his report on "The Progress of Missions in the United States." He spoke of the work for the Mexicans both in this country and across the border; told of their loyalty to the Board of Missions and their desire to help at this time. The report stirred the hearts of those present to a new desire for sacrifice.

After singing "Pass Me Not, O Gentle Savior" and announcements, Bishop Mouzon pronounced the benediction.

SECOND SESSION

May 9, 1933—2:30 P.M.

The second session of the Board of Missions was called to order by Bishop Hay Tuesday afternoon at two-thirty.

The worship period was conducted by Bishop Tarboux, of Brazil. "How Firm a Foundation" was sung, and the Scriptures were read. There was a prayer for the outpouring of the Holy Spirit and a great revival throughout the world.

The minutes were read and approved.

FOREIGN WORK REPORT

Report No. 1 of the Foreign Work Committee was read by Judge Erskine Williams and adopted item by item.

Items one, two, three, four, five, six, and seven were read and adopted.

At this time a motion was made that a committee be appointed to draw resolutions of appreciation for Rev. J. W. Price and Rev. J. L. Kennedy. The motion carried. Bishop John M. Moore and Bishop Mouzon spoke in highest terms of the loyal, faithful service these brethren had given to the Church.

Items eight, nine, ten, and eleven were adopted.

The report was then adopted as a whole, as follows:

To the General Board of Missions in Session May 9, 1933.

We, your Committee on Foreign Work, make the following report and request that it be considered and determined item by item:

1. We recommend that G. C. Speidel be elected Treasurer of the Central Council of the Korean Methodist Church.

2. We ask the approval of the following actions of the Joint Committee on Korea and Mexico:

AS TO KOREA

(a) That we give our approval to an Association of Missionaries with the suggestion that the purpose be fellowship, inspiration, and the discussion of those problems peculiar to missionaries as missionaries, the best ways of making their contribution to the cause of Christ in Korea and to the Korean Methodist Church in particular.

(b) That it is the sense of this committee that the instrument under which this Association shall work shall be as brief and simple as possible and that all meetings shall be open to members of the Korean Methodist Church.

AS TO MEXICO

(a) We request the appointment of a committee to study the whole educational program in Mexico concerning the training of all types of Christian leaders.

(b) We recommend that the following constitute the committee: Dr. Goddard, Dr. Donohugh, Miss MacKinnon, and Miss Knox.

(c) We recommend that the above named committee be empowered to co-opt from two to four other members.

(d) We recommend that the expense of the co-opted members shall be shared by the Boards of the Society.

(e) We recommend that the next meeting of the Joint Committee on Mexico be held as soon as possible after the return of this committee from Mexico.

3. We recommend the restoration of Article 18 of the Statutes of the Central Council of Brazil which at the last meeting of this Board was deleted therefrom, said Article being as follows:

"Article 18.—At the meeting of the Central Council preceding the meeting of the General Conference of the Methodist Episcopal Church, South, the Central Council shall elect by ballot two clerical delegates, one a national and the other a missionary, to the General Council of the Methodist Episcopal Church, South. These delegates shall exercise such rights and privileges as are accorded them by the General Conference of the Methodist Episcopal Church, South."

4. We recommend the election of Dr. Cram and Miss MacKinnon as delegates to the General Conference of the Methodist Church of Brazil, their attendance, however, being dependent on the authorization of funds by the Executive Committee of the Board of Missions.

5. We recommend that Bishop Kern be requested, in co-operation with the Medical Committee in Korea and the Korean missionaries, to make a thorough study of the medical situation in Korea, with definite recommendations as to its program for the future.

We further recommend that to this same committee be referred a recommendation from the Woman's Missionary Council concerning the proposed closing of the nurses' training school at Ivey Hospital.

6. We recommend the superannuation of Rev. J. W. Price from Brazil, to take effect when he arrives in North America.

7. We recommend the superannuation of Rev. J. L. Kennedy from Brazil.

8. We recommend the change of status of the following from regular missionaries to contract workers:

Czechoslovakia.—Joseph Dobes, Joseph Bartak, Vaclav Vancura.

Belgium.—W. G. Thonger, William Thomas, W. G. Wilmot.

We further recommend:

(a) That Rev. W. G. Thonger, Rev. William Thomas, and Rev. W. G. Wilmot shall constitute a Directing Committee for Belgium, which committee shall form a nexus between the Board of Missions and the Belgian Conference, to assist the Bishop and the Board in carrying out the policy of the Board.

(b) That Rev. Joseph Dobes, Rev. Vaclav Vancura, and Rev. J. P. Bartak shall constitute a Directing Committee for Czechoslovakia, which committee shall form a nexus between the Board of Missions and the work in Czechoslovakia, to assist the Bishop and the Board in carrying out the policy of the Board.

(c) That if and when these men (Joseph Dobes, Joseph Bartak, and Vaclav Vancura, in Czechoslovakia, W. G. Thonger, William Thomas, and W. G. Wilmot, in Belgium) die in the service of the Church or are disabled from active service by illness or age, that while we cannot recommend the same provision for them that we do for the families of regular missionaries, nevertheless, in view of the pioneer service they rendered as missionaries, that we recommend to the Board that it consider giving to these families some special consideration.

(d) We ask for the adoption of the following resolution:

Whereas, we have learned from the bishop in charge of European work that Rev. Joseph Dobes, Rev. Joseph Bartak, and Rev. Vaclav Vancura, of Czechoslovakia, and Rev. W. G. Thonger, Rev. William Thomas, and Rev. W. G. Wilmot, of Belgium, have relinquished their relationship as regular life-term missionaries to that of contract workers; and

Whereas, by that act they are surrendering substantial values that would accrue to them as superannuates, or to their families at their death; and

Whereas, this relinquishment means a substantial saving to this Board; therefore

Be it resolved:

(1) That we express our sincere thanks to those men for this magnanimity.

(2) That we assure them that their services have been eminently satisfactory. They are capable, devoted, efficient missionaries.

(3) That while we deeply deplore the fact that our decreased revenues forces us to make drastic reductions in appropriations, we rejoice in the fact that under the able leadership of those strong men Methodism will go on despite meager appropriations.

(4) That this Board will not forget the services of these men and the peculiar relationship they now sustain to this Board, and the Board will not be unmindful of requests that may come from these men in the future.

(5) That a copy of these resolutions be spread upon our records and a copy sent to each of these brethren.

9. We recommend the recall of the following missionaries:

David Weems, from Korea, for health reasons.

W. K. Cunningham, from Cuba, for health reasons.

F. C. Collins, from Cuba; F. C. Woodard, from Belgium; D. P. Melson, from Czechoslovakia; Edmund Chambers or G. P. Warfield, from Poland (to be left to the judgment of the presiding bishop as to which shall be recalled), and Foye Gibson, also from Poland; Ralph Lewis, from Korea—because of the lack of funds to maintain them on the field.

10. We recommend that the following be elected members of the Board of Trust of Porto Alegre College, Porto Alegre, Brazil, for 1932-1936: Earl Moreland, J. W. Daniel, J. R. Saunders, Frank Long, and that the Bishop of the Brazil Methodist Church be member ex officio of this Board.

11. We recommend the approval of the following action taken by the Woman's Missionary Council:

(a) That the Korea Mission, in adjusting their cuts, consider the closing of Mary Helm School at Songdo, the work of this institution to be conserved in the social evangelistic centers, provided this does not call for additional funds.

(b) That there be no opening of new schools, such as the Industrial Institute at Choonchun.

(c) That the funds collected during the 1933 Week of Prayer be used for the equipment of the new hospital at Changchow, China.

EDWIN D. MOUZON, *Chairman*;

W. ERSKINE WILLIAMS, *Secretary*.

It was moved by Judge Newby that the Foreign Committee bring in appropriate resolutions concerning Rev. J. W. Price and Rev. J. L. Kennedy at the next session of the Board, same to be spread upon the minutes. VOTED.

It was moved that Bishop Hay, Bishop Kern, and the General Secretary be a committee of three to express to the missionaries being recalled for economic reasons the regret of the entire Board for the necessity of this action, and the appreciation of the entire Board for their consecrated, efficient service. VOTED.

FOREIGN APPROPRIATIONS

Estimates for appropriations, Foreign Work, for 1934, General Work and Woman's Work, were presented by Dr. O. E. Goddard and Miss Sallie Lou MacKinnon. (See pages 59-61, 64-65.)

In discussing the appropriations for Cuba Bishop Ainsworth moved that one thousand dollars be added to Candler College, and an appropriation not to exceed two hundred and fifty dollars be made for Mrs. B. F. Gilbert, if, in the estima-

tion of the General Secretary and the Bishop in charge, it is deemed necessary. Bishop Mouzon seconded the motion. VOTED.

The following missionaries were introduced: Marie Crone, Cuba; Viola Matthews, Rio; Rev. A. C. Bowen, China; Deaconess Dorothy Reid, Chattanooga; and Eula McCoy, now at Scarritt on furlough.

COMMUNICATIONS FROM CONFERENCES

M. A. Childers presented the report of the Committee on Communications from Annual Conferences.

The report was adopted, as follows:

To the General Board of Missions, Methodist Episcopal Church, South.

We, your Committee on Communications from Annual Conferences, had before us communications from the Tennessee Annual Conference, the Budget Committee of the Upper South Carolina Conference, and the Nashville District Conference, all of said communications containing suggestions and requests for a 25 per cent reduction in the assessments for the support of our Board for the ensuing year.

After careful consideration, we submit the following resolution in response to said suggestions and requests:

RESOLUTION

Whereas, the general assessments have already been apportioned for the year; and

Whereas, the conditions prompting these requests are general, and as a natural result, without any reduction being proclaimed, will seriously curtail the income of the Board, and necessitate reductions apparently impossible; and

Whereas, the Board has made every retrenchment seemingly possible, consistent with its duty to the Church and to those who have given their lives to missionary endeavor, and is facing problems to it hitherto unknown, and to further impair the prospects for missionary support by making a blanket reduction at this time might do irreparable injury to the Church and to the missionary cause; and

Whereas, General Conference is but one year removed, and the general assessments are determined and controlled by that body; therefore,

Be it resolved that these communications be referred to the General Commission on Budget to be brought to the attention of the proper committees of the next General Conference, and that we express to those from whom these communications were received our deepest sympathy in the common difficulties we are all having to

bear, and request their sympathetic and prayerful co-operation with this Board to the end that amidst the strain of an unprecedented situation the very structure of our missionary enterprise shall not be jeopardized.

JOHN M. MOORE, *Chairman*;

F. S. LOVE,

M. A. CHILDERS,

Committee.

ORDER OF THE DAY

It was voted that the order of the day, after the reading of the minutes Wednesday morning, be the report of the Committee on Memoirs.

It was voted to refer the vacancy on the Executive Committee to the Nominating Committee.

The report of the Committee on Education and Promotion was presented by Mrs. J. W. Mills, and adopted item by item.

Items one, two, and three were read and adopted.

The report was then adopted as a whole, as follows:

REPORT OF THE EDUCATION AND PROMOTION COMMITTEE TO THE BOARD OF MISSIONS IN SESSION MAY 9, 1933

Your Committee on Education and Promotion submits the following recommendations:

1. That we request the Board of Missions to appoint a committee that, beginning at once, shall through the next year preceding the General Conference study the whole subject of Missionary Education in its theory and application in the Church, looking to improvement in detail and a more complete co-ordination and functioning of the elements involved.

2. That in view of the need for more information and a more vital touch with the missionary enterprise on the part of the rank and file of the Church membership, and of the interest resulting from the personal presentation of the fields through the visits and messages of the missionaries, we recommend to the Board of Missions that the furlough time of missionaries be so planned as to make them more generally available for systematic contacts with the local churches and for speaking at Conference and District gatherings through the Church under the direction of the Education and Promotion Secretaries.

3. That, expressing sincere appreciation of the value of the study book that for some years has been used during the January-February campaign, we venture to suggest to the General Commission on Benevolences the advisability of a new study of conditions with a view to some change in the plan for producing and using the literature for the cultivation period.

PAUL B. KERN, *Chairman*;

MRS. J. W. MILLS, *Secretary.*

At this time Dean W. F. Tillett was presented to the Board.

Bishop Dobbs spoke words of appreciation concerning Rev. J. W. Price.

One copy of the minutes of each meeting is preserved in the permanent minute book, and copies of the minutes were mailed to members of the Board.

H. C. JOHNSTON, *Chairman*;

MRS. T. C. BANKS, *Secretary*.

LETTERS OF APPRECIATION

Letters of appreciation to Rev. J. W. Price and Rev. J. L. Kennedy were presented by Dr. O. E. Goddard and adopted. On motion of Judge Erskine Williams these letters were made a part of the report of the Foreign Work Committee.

A LETTER FROM THE BOARD OF MISSIONS TO REV. J. W. PRICE

Dear Brother Price:

Yesterday we granted you the superannuate relationship, which in this country we call the "Honor Roll." Your superannuation is to take effect upon your arrival in this country.

When your name was called, Bishop Hoyt M. Dobbs arose and paid a beautiful tribute to you and your consecrated wife. This was assented to by Bishop John M. Moore and Bishop Tarboux and others.

Since your coming to us thirty years ago, you have been faithful and efficient. To say that your services for us have been entirely satisfactory would be putting it too mildly. You have rendered a good and great service that will be seen in time and felt in eternity. The Master said he "came not to be ministered unto, but to minister." In this philosophy of life you have followed in his steps.

Re-Thinking Missions assumed, even dared to assert, that missionaries on the whole were rather an inferior group. We do not believe this aspersion should be applied to this group. We know it should not be applied to you and your devoted wife.

Some day, we know not when, the Father will transfer you to the Church Triumphant. You will leave behind a good name that is rather to be chosen than great riches, and you will no doubt receive an abundant entrance into the house of many mansions.

That your children's children and future generations may know the high esteem in which you are held, we are spreading this letter upon our permanent records.

A LETTER FROM THE BOARD OF MISSIONS TO DR. J. L. KENNEDY

Dear Doctor Kennedy:

Your request for superannuation was granted yesterday. When your name was pending, Bishop Mouzon and others who are now past the meridian of life spoke of remembering that you were a missionary in Brazil when they were children.

God has been good to you in giving you health to serve more than a half century. You have been faithful to God and useful to man in the use of that good health. What a marvelous privilege to serve so long! How appropriate will be the divine formula, "Well done, good and faithful servant," as applied to you when you are called home!

You have been strong and courageous, faithful and true. We have not always granted your requests for money, because we could not, but we knew all the time that your aggressive spirit was wise and apostolic. A man as you are, ripe in years and rich in experience, richly deserves the high esteem in which you are held in both North and South America.

If the future historian or antiquarian should delve into our records, he will find a copy of this letter among our permanent documents. There is no honor too high for you. No encomium that we could pronounce that would express adequately our esteem and love for you. We honor you. We love you. We hope to meet on the other shore.

LEGISLATIVE COMMITTEE

Nominating Committee Report No. 2 was read by Dr. F. S. Love and adopted.

Your Committee nominates as a Legislative Committee: Bishop Sam R. Hay, Dr. W. G. Cram, Mrs. J. W. Perry, David Davies, Rev. Robin Gould.

For the membership on the Executive Committee: Dr. W. P. King in place of Dr. A. F. Smith.

BISHOP W. F. McMURRY, *Chairman*;
F. S. LOVE, *Secretary*.

ADMINISTRATIVE ADJUSTMENTS

The special committee appointed to consider the question of reducing the expense of administration without impairing efficiency was presented by Mrs. Nat G. Rollins and adopted, as follows:

The special committee appointed to consider the question of reducing the expense of administration without impairing its efficiency submits the following report:

Your Committee found that it will be possible to make certain economies by reducing the staff, both in the Department of General Work and in the Department of Woman's Work; however, it did not have time fully to work out the details of these reductions. Therefore, we recommend:

1. That the Committee be enlarged by the addition of the President of the Board, the General Secretary, and Mrs. W. J. Piggott.

2. That this Committee be given power to act for the Board, and to report its findings to the Executive Committee, which is hereby authorized and instructed to put the findings of the special committee into effect.

W. F. McMURRY, *Chairman*;
MRS. NAT G. ROLLINS, *Secretary*;
E. D. MOUZON,
NATHAN NEWBY,
R. M. COURTNEY.

AUDIT

The report of the Committee on Audit was presented by Mr. David Davies and adopted.

Your Committee on Audit begs leave to report that it has carefully reviewed the report of Homer K. Jones & Co., certified public accountants, as submitted, covering the examination of the books of accounts and records and assets of the Treasurer, J. F. Rawls, of the General Work of the Board, and of the Treasurer, Mrs. Ina Davis Fulton, of the Woman's Section, and find same to be thorough and exhaustive.

The report covers the General Work for the fiscal year ending December 31, 1932, and the Woman's Work for the fiscal year ending January 31, 1933.

The consolidated balance sheets as exhibited in the report correspond with the printed reports submitted to the Board by the Treasurers, with the exception of a typographical error of one cent in the "Surplus" under "Liabilities and Surplus" on page six (6) of the General Work, where the "Surplus or Deficit" appears as \$714,179.16 instead of \$714,179.15.

We commend the auditors on the completeness and clearness of the audit and compliment the Treasurers on the splendid system of accounting followed and the accuracy with which it is kept.

While possibly not within the province of our duties, we cannot refrain from commenting upon the exceeding small percentage of defaults in interest payments on the investments of the Board, considering the practically universal experience of bodies making investments; the Woman's Section in particular.

Favorable comment is also due J. F. Rawls, Treasurer of the General Section, for the exceptionally fine showing in his management of the Doctors' Building. The per cent of occupancy is greater than any other office building in the city and in excess of 95 per cent, and the loss from rentals prior to 1932 is exceedingly small.

Respectfully submitted.

DAVID DAVIES,
MRS. J. W. MILLS,
COLLINS DENNY.

DR. AND MRS. FRED T. MANGET

Mrs. Fred T. Manget was introduced to the Board. Dr. Fred T. Manget told of the "Progress of Missions in China." His message was instructive, challenging, and inspiring.

Bishop Kern paid tribute to Dr. Manget as a consecrated layman doing Christian work in the medical field in China and also expressed thanks for the Week of Prayer Special of the Woman's Missionary Council directed to the new hospital in Changchow.

Bishop Boaz said there was not a man in China held in higher esteem than Dr. Manget.

The report of the Estimates of the Education and Promotion Department was presented by Mrs. B. W. Lipscomb and Dr. E. H. Rawlings. (See pages 66 and 63.)

Miss Margaret Young spoke on "The Appeal of Home Missions," stressing the thought of "sharing" and the more abundant life.

Estimates of Administration and Miscellaneous were presented by J. F. Rawls.

APPROPRIATIONS ADOPTED

It was voted to adopt the report of the Estimates Committee as presented to the Board. (See pages 58-66.)

Dr. Elmer T. Clark read a letter from Matanzas Circuit, Cuba, inclosing \$22 for their Easter offering.

An offering from Poland of \$17 was reported by Mr. Rawls.

Mrs. Fulton spoke of the Treasure Hunt or campaign for old gold.

Dr. Perry told of many districts in the mission conferences that were one hundred per cent in their offering.

BISHOP TARBOUX

Bishop Tarboux told of his going to Brazil fifty years ago. In all relations with the one hundred and twenty-three workers in this field he will endeavor to gain their love and sympathy for the Board at this time.

Miss Viola Matthews, of Brazil, told of the "Progress of Missions in Latin America," paying tribute to the older missionaries and to our educational institutions in this land, saying the need was for rural work and social evangelistic work.

PROHIBITION

Bishop Cannon presented a paper concerning the Prohibition question, and its adoption was moved.

Bishop Denny spoke against the motion.

Bishop Arthur Moore moved to substitute paper adopted by the College of Bishops.

The substitute was adopted. The paper follows:

The Methodist Church is the relentless foe of the liquor traffic. From the beginning it has exacted of all who would be admitted to its communion an obligation to refrain from "drinking spirituous liquors, unless in cases of necessity." It further enjoins upon all its preachers and members that they "abstain from the manufacture and sale of intoxicating liquors to be used as a beverage, from signing petitions for their sale, from becoming bondsmen for any person as a condition for obtaining a license, from acting as a dispenser or voluntarily accepting an appointment or election as such under the laws of any state, and from renting property to be used for such sale."

The position of the Methodist Church on this subject for the

guidance of its membership is clear and unequivocal, and we would urge upon all our people the observance of these directions in all fidelity.

The Church long since espoused the cause of prohibition as a principle and policy of social action against the traffic in intoxicating liquors. Indeed, we believe prohibition to be the only legitimate attitude of government toward a traffic which all history shows to be a criminal, anti-social thing. It cannot exist in any form without laying its blighting hand upon wide reaches of society. A muddy stream of pollution will pour out of any place wherever and however liquor is sold, and innumerable individuals and homes will go down in moral, economic, and social overthrow. Enlightened government is under the highest obligation to protect society from its ravages.

Today there is a serious challenge to prohibition. America is threatened by a concerted effort to overthrow every barrier which society has built by the struggle of a hundred years against the conscienceless liquor traffic. Unthinkable as it is, the American people are being asked to approve a program of nullification and repeal that will open the way to a gigantic campaigning sales promotion that will exempt no home and spare no youth from the appeal of intoxicating liquors. Thoughtful men must stand amazed at the specious arguments upon which its advocates rely. The hypocrisy of supporting education by promoting a traffic that can exist only by the destruction of youth and the moral stupidity of maintaining government by anything that contributes to the moral degeneracy of its people must be apparent to any logical mind. Nothing can be economically sound that is morally false, and nothing that is morally wrong can be made right by any political action.

The duty of the Church is plain. The last General Conference declared: "We firmly set our face against any recession from the constitutional outlawry of the liquor traffic." Every annual conference of the Church has since that time reiterated its own conviction in similar language. The Church must stand in its fidelity to Jesus Christ as the enemy of unrighteousness in every form; and whenever any institution or organization becomes a friend and patron of the liquor traffic, it will be found in the future, as in the past, battling against that iniquity and on the side of personal and public righteousness.

The bishops of the Methodist Episcopal Church, South, commit themselves to the maintenance of this high purpose and call upon all the ministry and membership of the Church to enlist in this hour of national crisis that the united voice of the Church will speak with such moral majesty as will mightily aid in arousing the nation's soul and averting the danger at our doors.

Mrs. Fulton brought forward for introduction Mrs. Newton Craig, the niece of Miss Laura Haygood.

It was voted to adjourn *sine die* after the reading of the minutes. Minutes read and on motion adopted.

"Praise God, from Whom All Blessings Flow" was sung, and Bishop Tarboux pronounced the benediction.

MEMOIRS

Miss Esther Case

BY ESTELLE HASKIN

Miss Esther Case, Foreign Secretary, Woman's Work, Board of Missions, died in the evening of May 7, 1932. She offered herself to the Woman's Board of Foreign Missions, was accepted, and in 1894 was assigned to work in Mexico. She worked as a teacher in four of the principal cities of Mexico, including Mexico City. In 1913, on account of revolution, the missionaries were forced out of Mexico; Miss Case was among them. She was unable to return, and in 1918 was elected to a secretaryship in the Board of Missions, where she served until her death.

Over a year before her death she faced the consequences of one of the most dread diseases with which humanity is afflicted, and not until six months afterward did anyone except her doctor know of her condition. Then the truth became known to the officials with whom she labored. In the months which had preceded two things were becoming more and more apparent—her gradual loss of strength and an ever increasing sweetness and radiance of spirit. She continued to carry on as though she had fifty years of service ahead.

Contrary to the wishes of her friends, she insisted upon attending the meeting of the Woman's Missionary Council held in Atlanta March, 1932. Instead of her presence being an emotional strain, it turned out that she was the greatest benediction of the session. Her fortitude and courage and her sweetness and intense appreciation of every loving thought shown her gave a peculiar radiance to the entire session. When it came to the hour of her report, she took her place on the platform with much difficulty; but when, after she had rallied her strength, she spoke with unusual clearness and force. She closed by saying: "Now I wish to tell you why I was so determined to come to this meeting. It was here in Atlanta, in 1894, at a meeting the Woman's Board of Foreign Missions, that I was consecrated for service. It is here that the doors of Christian service swung open to me; it is here that they close."

It was her ambition to continue at her desk until the session of the Board of Missions. However, on Thursday before the meeting she went home under the orders of the physician. She was still expecting to rally, but sufficient strength did not return, so she was unable to leave her home again. She was confined to her bed only three days before her death and was able to enjoy the fellowship of those members of the Board of Missions who called at her home.

On Saturday morning a definite and serious change came, and at

seven o'clock in the evening she passed to the Beyond. All day Sunday, on Mothers' Day, her body lay in state in Wightman Chapel, while the class of outgoing missionaries took turns as sentinels. At five-thirty in the afternoon a beautiful service was held. Mrs. J. W. Perry, President of the Woman's Missionary Council, paid a loving tribute, and Dr. O. E. Goddard, her cosecretary of foreign fields, gave an appreciation beautiful in its truth and simplicity. The Scarritt College choir sang, and her pastor, the Rev. B. B. Pennington, assisted by the Rev. J. L. Cuninggim, president of Scarritt College, conducted the ritual service. The body was carried to Batesville, Ark., her home town, where interment took place after a service equal in beauty with the one at Scarritt College.

For weeks and months she lingered on the borderland, passing in and out among us with a spirit so brave and so triumphant that it is difficult to realize that she is not still here.

Mrs. E. B. Chappell

BY ESTELLE HASKIN

After weeks of serious illness, Mrs. E. B. Chappell passed into the world beyond our mortal sight. She died on January 19, 1933. She was in Atlanta with her children, and her remains were brought to Nashville and laid away in Memorial Park, not far from Miss Lockie Rankin, the first missionary sent out to the Woman's Work. We know of no other person of whom we could so truly say, her gentleness hath made her great. No one could be in her presence even for a few moments without realizing that here is a true follower of the Master. Those of us who worked with her knew that with this gentleness there was a great intensity of life. Everything that concerned the Kingdom mattered to her. She felt with all the fervency of a big soul.

For over thirteen years she was editor of the Woman's Section of the *Missionary Voice*. The interests of this magazine she carried as her own child. In this magazine, now the *World Outlook*, there is incorporated a part of her life and energy.

Mrs. Chappell served as a member of the Woman's Foreign Mission Board; she was a member of the Woman's Missionary Council from its beginning until her death; she was for a number of years a member of the Board of Missions. Indeed, as long as we knew her missions was her largest interest and her major activity.

No one who worked with her can forget her chairmanship of the Committee on International Relations and World Peace. Even though through her long period of service she had held the chairmanship of a number of standing committees and served as editor, yet no work assigned her by the Woman's Missionary Council seemed so deeply to stir every fiber of her being. When she undertook the work for the promotion of peace, she saw in it the foremost need of the world. She was peculiarly fitted for this task because of her own outstand-

ing personal characteristic, which intensified her interest. In the least things of life she was ruled by love, and in controversies of any kind she was pre-eminently an arbitrator.

Although, because of ill health, she was compelled to resign her editorship in 1928, her life was filled by her earnest enthusiasm for the cause of peace. At her fiftieth wedding anniversary, in 1930, she said: "Life has been a progressive experience, growing fuller and richer with the years. Today the outlook is full of promise and zest, for living was never more keen." We rejoice that, so far as her missionary experience is concerned, work for peace was the crowning service.

Benjamin Fariss Gilbert

BY REV. E. E. CLEMENT

Benjamin F. Gilbert was born on the twenty-eighth of March, 1871, in the home of his parents, on a farm near Estill Springs, Franklin County, Tenn. From the beginning he was blessed with the wholesome influences of a genuinely Christian home. The exemplary character of his father filled him with admiration and profoundly impressed his heart. Frequently he made reference to one of his father's wise teachings or maxims. On the day in which he received the cable of his father's death, he wrote in his diary: "As I record these lines, many pleasant memories rush to mind of the days I have spent alone with him in the field at work. It was there that his example made lasting impressions on my life . . . the pure life that he lived is to me a richer legacy than a world of gold could be."

Brother Gilbert was converted very early, and at once joined the Methodist Episcopal Church, South. A little later he was profoundly convinced that God had called him to preach the gospel. He received his early education in the public schools near his home; after his call to preach he felt that he must give God the best he had, so he went to Winchester Normal College in Winchester, Tenn., from which he received his Bachelor's degree. He studied Theology in Vanderbilt University of Nashville, Tenn.

A few weeks before finishing his course at Vanderbilt, his Church, through the Board of Missions, called for volunteers to work in their newly opened field of Cuba. Having given himself unreservedly to the service of God and his Church, he at once volunteered and left Nashville for Cuba on the thirteenth day of May, 1902. He was ordered to begin his work in the American colony of LaGloria, in Camaguey Province. In August of 1903 Bishop Candler transferred him to the city of Camaguey, where he organized an English-speaking congregation, and soon opened a school for the Cuban children, and later organized a Spanish-speaking congregation. In this city he met Miss Olivia Molina, who later became his wife. He gave five years of successful labor to this school, which remains today as Pinson College.

In 1908 he was sent to the pastoral charge of Pinar del Rio and

Herradura. During this pastorate he suffered the loss of his second child, little Virginia. In January, 1912, he was returned to Camaguey for one year. In 1913 he was sent to Santa Clara. In 1916 he was made director of our Central School in Havana; in 1921 he was made Dean of our Seminary and Professor in Candler College, serving in this capacity for some eight years, four of which he was pastor of Leland Memorial Church. In 1929 he was pastor of Hoyo Colorado Circuit. In 1931 he returned to the Central Methodist School in Havana, where he served until his infirmities obliged him to ask for superannuation in February, 1933. In all of these charges he served with great fidelity.

He was a loving father. In his diary he expressed his gratitude to God upon the arrival of each of his children. When he son Gabriel was born, he wrote as follows: "He is dedicated to the Lord soul and body. May our Heavenly Father guard his steps and make him a good man above all things. May the Lord give me grace and wisdom to teach and train him as well as the others for His service."

The Christian virtues were so mixed in his life as to produce that admirable personality—a Christian gentleman. Sincerity characterized all of his actions. He was loyal to his principles, his friends, his family, and above all to Christ and His Church. Faithfulness was a characteristic note in all of his relationships. Courteous, considerate, solicitous of the well-being of those who came to him for advice or help; and those of us who knew him intimately found that he was worthy of our full confidence.

Brother Gilbert's faith was clear and profound. His Heavenly Father and the invisible world were as real to him as the material things that surrounded him. Disappointment and suffering never caused his faith to waver; his Heavenly Father loved him, and he believed that "all things work together for good to those who love God."

Besides his widow, he leaves three daughters, Mrs. Clifford Horne, Mrs. Francisco Marcial, and Miss Graciela Gilbert, all of these of Havana, and a son, Gabriel Gilbert, of Washington, D. C., also a sister, Carrie (Mrs. J. A. Corn), of Nashville, Tenn. To all these persons and to the Methodist Church and the world he has left the heritage of a good name which is more to be desired than many riches.

Miss Nannie E. Holding

BY MISS E. PERKINSON

Miss Nannie Emory Holding for years had felt the call to foreign missionary service, but frail health kept her from volunteering until she was thirty-eight years of age. She was accepted as a missionary by the Woman's Board of Foreign Missions and assigned to Laredo Seminary, on the Mexican border, where she arrived on October 20, 1893. She was very successful in building up a strong institution in Laredo, which has been far-reaching in its influence among the Mex-

icans of Texas and Mexico. In ten years' time it grew from two small houses on a single block of land into seven buildings occupying fourteen acres of ground. As the Woman's Board of Foreign Missions lengthened its cords and enlarged its borders, Miss Holding, because of her good judgment and unusual ability, was invaluable in planning and developing our work in Mexico. When the Home and Foreign Boards became the Woman's Missionary Council, Laredo Seminary was taken over by the Home Department and given the name of Holding Institute in honor of Miss Holding. At that time she retired, having served for thirty years. She lived to the ripe age of eighty-eight and passed beyond on January 25, 1933.

Carroll Brice Mount

BY W. E. TABB

The deepest mysteries of the African continent remain unsolved by the keenest of modern investigators. The Divine Plan of the Creator has not yet been fully revealed, and we are baffled on every hand by the mysterious. Yet we cannot lose faith, for, as has been said, Africa is no longer the "Great Dark Continent" of Moffat, Livingstone, and Stanley. Rather, she has been the continent of dreadful misunderstandings which is now emerging into the continent of incalculable opportunities.

North Africa with her Saharah and a highly developed civilization for ten thousand years, Central Africa with her dense equatorial forest and snow-covered mountains, South Africa with her aboriginal Bushman tribes and her Zimbabwe ruins; all of these, mingled with the mysteries of a people steeped in Animism, have presented problems innumerable.

God has dealt kindly with us, his unworthy servants, since the establishment of the Methodist Episcopal Congo Mission in 1914. Considering that many of the first missions suffered an early loss of upward to 80 per cent of its missionaries from one of the many diseases with which Africa is infested—until West Africa was justly called the White Man's Grave—we feel like saying with the Psalmist:

The Lord is my shepherd
Yea, though I walk through
The Valley of the Shadow of Death
Thou art with me;
Thy rod and thy staff they comfort me.

Though a considerable number have found it impossible, for one reason or another, to remain on the field and have returned to fields of labor in America, the roster of Congo missionaries, of the Methodist Episcopal Church, South, had been unaffected by death until the passing (1928) of Dr. Hamilton Moore.

Just as God has not revealed his entire plan for the development of the mysteries of the great African continent, so he does not show the future of our own individual lives. Strong, active, energetic, and

impulsive is the lasting impression left by our colleague who so soon was to sleep beneath the shadow of stately tropical palms—his spirit to be animated by those brothers in black to whom he had ministered in body and in spirit.

About five days before leaving on furlough I visited Minga Station for the major purpose of taking pictures which would illustrate what was being done in that territory for those unfortunate thousands caught in the clutches of disease. I shall never forget with what enthusiasm Dr. Mount brought forth several very difficult (well-nigh impossible) cases which were under his care. His ministry was meeting with unusual success and was being felt throughout the community.

Almost the next news was as a bolt from a clear sky when, on the morning of September 8, I walked into the Board offices in Nashville to learn of his untimely death by drowning on August 29, 1932.

Carroll Brice Mount was born at Radford, Va., June 17, 1902. Some years later he went with his parents, Mr. and Mrs. C. B. Mount, to Memphis, where they made their home. He was a very active member of the First Methodist Church of Memphis, having charge of the Junior Church, in addition to being a preacher on trial in the Memphis Conference. He took his college work at Arkansas College and his medical work at the University of Tennessee, where he volunteered in 1929 for medical mission work. His pastor at Memphis has said of him: "Dr. Mount is a fine young man, exceptionally devout and devoted to Christian work."

His decision was shortly followed by his consecration, by the Board in May, 1929, for service in Africa. The same summer he sailed for Belgium and spent six months there in the Government School of Tropical Medicine, and in March, 1930, proceeded to the Congo. It was not until August that he finally reached Minga Station, having stopped about three months at our Tunda Station to get some practical experience with Dr. W. B. Lewis. Therefore, his work at Minga covered a period of about two years.

On February 23, 1932, just six months before his death, Dr. Mount was married to Miss Helen Mae Farrier, of Newport, Giles County, Va. She had spent a full term at our Wembo Nyama Station hospital doing a most heroic piece of medical work under exceedingly difficult circumstances. She had just finished her furlough period in America and had returned to the Congo in February to be married.

Besides his devoted wife, Dr. Mount is survived by his mother, a sister, Miss Sophia Mount, missionary in Brazil, and two brothers, Wilson Mount, of Memphis, and Thomas F. Mount, of Philadelphia.

One of our colleagues has reminded us that it would seem that Dr. Mount had had some premonition of his quick going, for he had written two poems before he met his Savior face to face that are indicative of such an experience.

PATH OF GOD

When our ways and tired bodies fail,
We give them up to Thee, to interpret
Or to build greater souls to do Thy will.
Oh! may Thy great love through me flow,
Cool and peaceful to serve mankind—
And to refresh his way on the road of time.

Lifter and lover of selfish men,
Whether weak or faltering or blind;
Oh! take my hand to trace a message of peace,
A faithful life of usefulness.
Not my way would I tread, but Thy will to do,
Is the path of God.
Then in that day of truth and grace,
O Savior, we shall see Thy face.

WATCHING AND WAITING FOR JESUS

I'll be watching and waiting in labor and prayer
For the voice of the Master calling me there;
Will your ear be attuned to the heavenly choir,
And the call of Jesus, "Follow me now"?

He is surely coming to hearts each day,
Where many an entrance is closed to His way;
Do you hear His knocking? May I enter in?
Yes, glory. All hail to my King.

Open your soul to the power of my might,
Putting the forces of sin to flight—hark!
Christ's hosts are coming; ye men, take up the fight!
Glory, glory, for eternal light.

Waiting and watching in labor for Thee—look!
Bright morn is breaking, love streams I see,
'Tis Jesus coming, all praise and glory to His call—
"Come, my children, follow me home."

Dr. Margaret Polk

BY ESTELLE HASKIN

Dr. Margaret Polk went to China under the appointment of the Woman's Board of Foreign Missions in 1896. For nineteen years she labored in the Soochow Woman's Medical School and Hospital, ministering to those in need and training Chinese nurses and doctors. She was a pioneer in a difficult field. She severed her connection with church work in 1912 and went to Shanghai, serving as a private practitioner. However, her interest in missions and the missionaries never ceased. In appreciation of her the Central Council of the Methodist Episcopal Church, South, in China says: "Very many in China hold her in genuine appreciation both for her personal qualities and her work's sake. We trusted her as a friend and fellow-worker, and the results of her skilled and faithful labors here abide. She was a blessing to a multitude of suffering women throughout the borders of our China Mission. She was a woman of outstanding strength of character and impressive personality. All her rich fur-

nishments for life this good woman made available without stint for the betterment of those she touched." Dr. Polk died in the home of her niece, Dr. Ethel Polk Peters, Augusta, Ga., October 22, 1932.

Deaconess Emma Burton

BY MRS. J. W. DOWNS

Deaconess Emma Burton was born in Waverly, Mo., 1877. Her parents, Henry V. Burton and Martha Israel Burton, were active in the work of the Church. From their lives Miss Burton received her inspiration for full life-service in the Church.

Miss Burton graduated with the class of 1908 from the Scarritt Bible and Training School and was commissioned for the work of a deaconess by Bishop E. R. Hendrix on April 24, 1908. From that time until she went home, August 3, 1932, her one aim and purpose in life was to serve her Lord acceptably. She considered her call to service the highest privilege that could come to anyone. In this spirit she went to her first appointment, Centenary Church, Chattanooga, Tenn., and to each appointment she carried the same spirit of devotion and love. She gave twenty-four years of splendid service under the Woman's Missionary Council.

In her last days with us here she said: "I am thankful I have been granted a place to serve the past twenty-four years." Then she said:

"God hath not promised sun without rain,
Joy without sorrow, peace without pain,
But he hath promised strength from above,
Unfailing sympathy, undying love.

"And not one word of this promise has ever failed. He has been my shield and buckler; indeed, a very present help in every time of need."

MINUTES OF THE SEVENTH ANNUAL SESSION

OF THE GENERAL MISSIONARY COUNCIL

The Seventh Session of the General Missionary Council of the Methodist Episcopal Church, South, convened in St. John Church in Augusta, Ga., at 8:00 P.M. on the seventh day of February, 1933, Dr. W. G. Cram, General Secretary of the Board of Missions and President of the Council, presiding.

The opening hymn, "Come, Thou Almighty King," was sung, the congregation standing. Dr. W. H. LaPrade, presiding elder of the Augusta District, conducted the devotional service. He read as a lesson the twenty-fourth Psalm.

Hymn No. 1, "O, for a Thousand Tongues to Sing," was announced.

The Chairman introduced Hon. Paul Stevens, of Augusta, who spoke in welcome to the Council on behalf of the city. Dr. W. H. Tyson, pastor of St. John Church, welcomed the Council on behalf of the Church and the ministry of Augusta.

At this time the Chairman presented Bishop Warren A. Candler. Bishop Candler gave a most interesting review of the founding and early history of Paine College.

Mr. W. A. Bell, an alumnus of Paine College and Secretary of the Commission on Counsel and Co-operation, spoke in appreciation of the ministry of the Southern Methodist Church to his people, especially as expressed in Paine College. His message was a ringing challenge to both Churches for co-operation and mutual service. The program was the inauguration of the Paine College Jubilee, and a fitting and pleasing feature was the singing by the College quartet of "The Old Ship of Zion" and "Swing Low, Sweet Chariot."

After announcements by Dr. Cram, Bishop Candler pronounced the benediction.

MORNING SESSION, FEBRUARY 8

The Council convened in the auditorium of St. John Church at 10 A.M. "All Hail the Power of Jesus' Name"

was sung as the opening hymn. Dr. A. W. Plyler, editor of the *North Carolina Christian Advocate*, conducted the devotional service. The Scripture lesson was Isaiah 55: 1-7. EVENING SESSION, FEBRUARY 8

The time of the evening session was devoted to a presentation of "Marching On," a vivid portrayal in pageant of the upward climb of the Negro race. This pageant, presented by students at Paine College, will linger in the memories

of those attending the Council as a truly great achievement, from both the educational and artistic points of view.

MORNING SESSION, FEBRUARY 9

Dr. J. M. Rowland, of the *Richmond Christian Advocate*, conducted the devotional service. "Close to Thee" was sung as the opening hymn. After prayer by Dr. Rowland, Hymn No. 415, "Faith of Our Fathers," was sung.

Bishop John M. Moore was presented to lead in the discussion, "The Missionary Imperative in the Church."

In the Open Forum, conducted at this time by Dr. Cram, a number of questions from the floor were answered, and brief discussions of the topics were made by Dr. A. C. Millar, Dr. O. E. Watson, Mrs. J. W. Downs, and Bishop James Cannon, Jr.

AFTERNOON SESSION, FEBRUARY 9

Dr. Rawlings made the announcement concerning meetings to be held in the South by Dr. E. Stanley Jones.

Dr. Elmer T. Clark read the report of the Committee on Findings. The report follows and was adopted:

We have reached the most significant hour of the modern missionary movement. The efficiency of the Christian message to meet the need of men and nations has been demonstrated, and the era of missionary apologetics is therefore past. At the same time the non-Christian world has been shaken from its old foundations and is being beset by Communism, Materialism, and other philosophies which offer themselves as new foundations.

The world is intellectually awake and stands greatly in need of a new way of life. That way is offered by the Christian gospel. Jesus Christ and he alone is God's answer to human need and God's solution to every problem. He and his way of life must be the great Christian message.

We believe that in this day the Church must not only attempt but must achieve the impossible. To this end we must strive for a revival of faith in the gospel itself and in the agency which promotes it to the ends of the earth. It is no time for analysis of our difficulties or for criticism of the Church for its faults and failures. We must hold in view the unfinished task, and we must put into the missionary appeal the passion of our Lord.

We recognize that if the Church is to become truly missionary it must be by a process of missionary education. We rejoice in the closer co-operation which now prevails between the Board of Missions, Board of Christian Education, and other agencies; and we urge that this co-operation be intensified and extended wherever possible.

It has been brought to our attention that the income from the Church for the support of our missionary work has been cut in half during the past three years. This sudden and unprecedented decrease in income has already wrought havoc in many directions and if not immediately halted will result in positive disaster. At what-

ever cost to ourselves we must provide the finances imperatively demanded by our missionary operations at home and abroad. We commend the Campaign of Self-Denial now being conducted under the auspices of the General Commission on Benevolences, and we must earnestly urge that every congregation participate therein to the fullest degree.

This gathering has been thrilled by the wonderful story of Paine College, which this year celebrates its fiftieth anniversary. We congratulate this unique and historic institution and pledge to it our loyalty and support. We commend to all Methodists of the South, both white and colored, the campaign now under way to raise much-needed funds for the College, and urge the people to contribute thereto in a spirit of brotherhood and sacrifice, and we further urge that in every local community our white and colored brethren co-operate in every possible manner in the development of cordial racial relations, the solution of mutual problems, and the promotion of the general welfare.

Respectfully submitted.

J. A. BAYLOR,

The question of the place of meeting for next year was called. Invitations from Memphis, Tenn., Hot Spring, Ark., and Nashville, Tenn., were extended. After some discussion, a motion by Bishop McMurry to defer the selection of place, the same to be made by a special committee, was passed.

Dr. Clark read a report for the Committee on Resolutions, which was adopted and follows:

Resolved: 1. That we express our sincere gratitude to the pastor and people of St. John Church, the citizens of Augusta, and the daily press of this city for the cordial hospitality and co-operation accorded to this Council.

2. That we extend our thanks to the President, faculty, and students of Paine College for the remarkable pageant, "Marching On," depicting in artistic and accurate manner the rise of the Negro people, which they presented for our entertainment and edification.

On motion, the Conference adjourned at 4:30 P.M. with the benediction by Bishop Sam R. Hay.

The report of the Committee on the Exchange of Pulpits was made. A roll call of the Conference was asked for, and a large majority of the Secretaries reported the exchange lists as ready. The others, incomplete at this time, were to be presented later. A detailed discussion of the plan and the methods followed.

There was a roll call of the Conferences as to possible use of missionaries and secretaries in a special cultivation of the Conferences.

After announcements of the details of the Council Meeting by Dr. Cram, the Conference Missionary Secretaries adjourned at four-forty-five in the afternoon, the benediction being pronounced by Bishop W. REPORT OF S. A. NEBLETT, EXECUTIVE SECRETARY, BOARD OF
CHRISTIAN EDUCATION, FOR THE YEAR 1932

The year of greatest economic depression and actual material need among the masses and middle classes of the Cuban people has been one of advance in the work under the direction of this Board. The beginning of the year found me winding up a series of institutes of

four classes each, held in every pastoral charge for the purpose of educating the churches in the new disciplinary provisions concerning Christian education. These institutes, together with the literature put into circulation, were quite successful in getting the plan across to our workers.

I. Organization of the Local Church

In most of our congregations the Board of Christian Education of the Local Church has been duly set up. It is gratifying to report that in some of the churches the Board is functioning actively, and its work is an inspiration to the whole church. Too often in Cuba, as elsewhere, stewards and members of committees regard their appointment as a personal honor and overlook the work and responsibilities such an appointment carries with it. In the case of the Board of Christian Education we are getting more than average results.

During the year I have had occasion to interpret and advise in special cases as problems in the organization have arisen. Pastors and presidents of the Local Boards consult me freely, and in most cases satisfactory solutions are arrived at. It should be said here that the disciplinary plan for the local church offers remarkably few difficulties when a real study has been made of it and of the local situation and an intelligent application made of the provisions of the law.

II. Children's Division

The work for and with this division has been done largely in the Sunday school. Some of the churches are continuing the Junior League pretty much as in former years, though recognizing that it has no official standing apart from the same age group in the Sunday school. We are, however, hampered in the work of this division by the lack of the proper literature in Spanish. We have neither the Group Graded Lessons nor the revised Closely Graded Lessons, but are still having to use the original material-centered Graded Lessons, translated and published in Spanish more than twenty years ago. I shall touch on this matter in another part of this report.

Miss Skinner's book, *Children's Work in the Church*, is very much needed in Spanish. The translation was assigned to Miss Eglantina Flores, of Mexico, but I have no recent advice as to her progress in the work. The book should be brought out this year by all means. The workers of this division need it. It is Mrs. Neblett's purpose to hold a number of meetings with groups of workers as soon as we have this book for their study.

III. Young People's Division

The advance in this division has been truly gratifying. During the last days of 1931 the transition was effected from the Conference Epworth League to the Conference Young People's Organization. The cabinet early in January completed the organization, mapping out

plans for the year. It is my policy to serve this organization as counselor and helper, but not as director. At my suggestion the cabinet appointed a Conference Director of Young People's Work. This young man, Sr. Tomas Benitez, a teacher in Candler College, Havana, visited during the year nearly all of the churches in four of the six provinces, and would have visited the churches of the other two provinces but for absence in the United States during the summer vacation. He was privileged to visit Lake Junaluska and to see something of young people's work in the States.

The change to the new type of organization has been made in most of the local churches, and the results so far are very encouraging. Perhaps never in the history of our work in Cuba have we had as much intelligent and varied activity planned and carried out by the young people themselves as during the past year. The Assembly held at Candler and Buenavista Colleges in August was an unusually interesting and profitable gathering.

The cabinet decided early in the year to resume publication of *Juventud Metodista*, the young people's paper which had been established primarily for the exposition of topics for the devotional meetings. It is a bimonthly publication of thirty-two pages. The number of paid-up annual subscriptions is small yet, but has its explanation. The paper could not have been published without the appropriation made by the General Board for Epworth League topics, and an additional amount which I paid them out of my regular appropriation for four pages of general religious education matter which I furnished. Mrs. Neblett also prepared a number of articles on the Children's Division.

No direct appropriation for topics was made for 1933, but I shall continue to help the division for this purpose out of the regular appropriation. The cabinet recently canvassed the situation and decided to try out the paper for the next six months, putting on a special campaign for subscribers in March. My personal judgment was and is that the situation is not favorable for the enterprise. If, however, they can put it over, it will be good training for them. We aim at entire self-support for *Juventud Metodista* within a few years if its publication is continued. For the use of this division in the Sunday school we have four years of Intermediate Closely Graded Lessons, old series, and *Revista Trimestral*, Uniform Lessons for young people and adults.

IV. Adult Division

Little has been accomplished toward securing real division spirit and organization of our adults. I had hoped to achieve a real though simple organization of the young adults, but the results have been negligible. They prefer in most cases to remain with the Young People's Division, either as participants or onlookers. I shall redouble my efforts in the present year and hope for better results. The adult attendance on the Sunday school seems to be gradually in-

creasing, and there are excellent classes in practically all Sunday schools. They do not, however, have a bent toward organization either of the class or division as we hope they may have later.

V. Leadership Training

Perhaps the outstanding feature of the Church in Cuba for 1932 was our leadership training program. Plans had been carefully laid for a Conference Training School in August, but conditions in Cuba in the late spring made me doubt the advisability of holding the school. After consulting with members of the Board, presiding elders, and prospective instructors, I called it off, and then worked out a plan for a "cursillo local" (local class or school) in every pastoral charge, several approved instructors giving time to these classes. Statistically considered, the report is as follows:

Cokesbury.—Classes, 14; enrolment, 255; credits awarded, 202.

Standard.—Classes, 19; enrolment, 347; credits awarded, 277.

Standard (Lake Junaluska and by correspondence), 10; credits awarded, 10.

Totals.—Classes, 33; enrolment, 612; credits awarded, 489.

Personally I served as instructor of only six of these classes, and acknowledge our debt of gratitude to Rev. E. E. Clements, Dean of the Seminary, who was instructor of eight classes, traveling over 3,000 miles; Rev. Cevil V. Morris, Principal of Pinson College, Camaguey, four classes; Dr. H. B. Bardwell, President of Candler College, Rev. O. K. Hopkins, Central Methodist School, experienced instructors; also a number of pastors who conducted their own classes under my direction. Our total for the Conference year ending February 15 will probably be more than 525 credits, and we have 460 Sunday school officers and teachers.

VI. Textbooks and Pamphlets

During 1932 the Spanish translation of *Teaching in the Sunday School* was mimeographed, and *Worship in the Sunday School* is now being mimeographed by Brother H. E. Clements at El Paso, Tex. Brother Clements and I have recommended to Dr. Schisler the textbooks we think should be put into Spanish, in the order of their urgency.

Early in the year I issued in printed form in Spanish a forty-eight-page booklet on "Christian Education in the Local Church." I had used this material in mimeograph form in institutes. This was followed by *Methodist Youth: Program and Organization*, 20 pages; *Leadership Training*, 12 pages; *Missionary Education in the Local Church*, 10 pages—all based on similar pamphlets issued by the General Board. Two or three four-page leaflets have been issued.

VII. Curriculum Problems

Teacher Training.—This is our first use of Cokesbury units. For over ten years we have stuck by the Standard Series. But both have a place in our training work. For many of our workers the Cokes-

bury Series best suits because of lack of educational advantages. There is, however, the necessity of avoiding confusion. We require students to read the pamphlet on "Leadership Training," which explains the difference in the series and courses, but do they get it?

Should our Church have a series combining parts of both now in use for Spanish-speaking Conferences? Should we project our training work on the lines of the program of the Latin-American Committee on Religious Education, utilizing its textbooks, or should we use such of its textbooks only as meet the requirements and have the approval of the Leadership Division of the General Board? It would seem to be advisable that these questions be studied and discussed during the year.

Lesson Courses.—Reference has been made to the situation in the Children's Division. Considering the number of small schools with teachers of limited preparation and experience, Group Graded Primary and Group Graded Junior quarterlies would best serve our needs, though a considerable number of schools are doing splendid work with the Closely Graded Lessons. Should the new series be put into Spanish and substituted for the old one? The matter merits our careful consideration.

Yes, we have other problems and will address ourselves to them this year.

I would have the last word of this report one of profound gratitude to God for his guidance and blessing upon the work of Christian education in Cuba during the past year, and of recognition of the services of a host of colaborers. They are all behind the Church's program. The Master is leading; bless his holy name!
